7) Feeling Safe in an Unsafe World – (Supporting Children back to School or Nursery after Lockdown)

We have had an overwhelming amount of requests for this training so we have created a brand new course to help settings rethink and re-evaluate their practice to make sure children get the best possible start when they return to School, Nursery or After-school settings.

The course looks at children's different experiences of the Covid19 crisis and how those experiences will have shaped the fundamental structure of their brains to directly affect their development and behaviour. We also examine why more traditional behaviour methods simply don't work when it comes to supporting positive behaviour especially during and after a time of crisis. The course highlights what is truly important for children's well-being and how we need to focus on emotional well-being first and foremost if we want children to thrive. We need to be more aware than ever that children need time, patience and above all positive adults in their lives.

This ground-breaking course is suitable for agencies working with all ages of children and is the equivalent of a full day's training course with 11 video modules plus bonus sections.

Group License (Up to 50 learners) £350

Individual License (per person) £45

Feedback from Learners

I'm a trainee teacher at MKITT who has just completed your online training on Positive Adults, Positive Children and would like to say a BIG thank you! Your modules and resources have been fab and you are a real inspiration. I hope to follow in your footsteps as I progress in my career working with children.

Natalie Carter – Milton Keynes Initial Teacher Training

Ben's 'Positive Adults, Positive Children, Positive Behaviour' video course is a fantastic eye-opener into the instincts and natural urges that children have, that cause what some would deem to be "bad behaviour". His advice is easy to follow and makes complete sense! I would recommend this course to anyone that wants to be proactive in behaviour management by creating an emotionally safe learning environment.

Elysia Stears – Milton Keynes Initial Teacher Training

The videos are very inspiring and explain a lot of areas that we as a group need to introduce into our practice, so thank you for that. During these times I think it is so important to keep the staff motivated.

Janet Kerry, The Ark Nottingham

I have just enjoyed working through 'Feeling safe in an unsafe World'. I wish every parent could have access to this before the children start in our Early Years Centre!!! Inspiring!
